CS NEWSFLASH: **DEADLINES LOOMING FOR NOVEMBER BONDS**

Now that the first deadline has passed for municipal bond elections in Colorado, Local Educational Agencies ("LEAs") pursuing voter approved debt this year should take note of other upcoming dates. The countdown officially started on July 29, 2016 when the 100-day mark passed. By this date, LEAs should have provided written notice to County officials that they intend to participate in the November election. The next deadline is right around the corner, so if your LEA is seeking new authorization this Fall, please see below for other pertinent dates.

If you have any questions regarding navigating this process or still need help determining the size of your November bond, please contact us at 844.654.2421 x320 or info@coopstrategies.com.
