COMPLETE FINANCIAL & DEMOGRAPHIC PLANNING FOR EDUCATION

June 3, 2016

## **CS NEWSFLASH:**

### **PLEASE WELCOME SCOTT NEWELL TO OUR STAFF!**

We are thrilled to announce the newest addition to our staff. As of June 6, 2016 Scott Newell will join our firm as a Senior Director. Scott's new role will be serving as the lead point of contact for all school districts in Colorado, providing his expertise in school facilities planning and financing.

Scott joins us from the Colorado Department of Education where he spent 10 years overseeing the Division of Capital Construction. As the Division Director, Scott was responsible for managing the \$1.2 billion dollar Building Excellent Schools Today ("BEST") grant program, the charter school capital construction grant program, the Federal QZAB loan program, along with Colorado's statewide public school facility assessment.

Scott has developed several State procurement documents, facility master plan guidelines, school construction guidelines and facility management best practices to assist with Colorado's 178 school districts and the 260 K-12 school capital construction projects funded out of his office.

Scott has also been active in legislation affecting school facilities. He has partnered with State Senators and House Representatives to develop several statutory changes and provide expert testimony affecting K-12 facility issues. He has been a board member for the Colorado Department of Local Affairs Energy Impact Program; and outside of Colorado, Scott has been an active member of the National Council on School Facilities.

Please join us in welcoming Scott to our team! If you'd like to contact him, he can be reached directly at [snewell@coopstrategies.com](mailto:snewell@coopstrategies.com).
