

# COOPERATIVE STRATEGIES

COMPLETE FINANCIAL & DEMOGRAPHIC PLANNING FOR EDUCATION

February 28, 2018

## **CS NEWSFLASH:**

### **GETTING THE MOST OUT OF YOUR TAP GRANT**

The most recent round of Technical Assistance Program ("TAP") grant applications closed on February 15, 2018. If you have yet to complete your facilities assessment or long-range plan, Cooperative Strategies has TAP Certified Assessors ready to help!

Over the last year, our staff has assisted nearly a dozen Oregon school districts with facilities assessments, long-range plans, and enrollment projections. We have worked hand-in-hand with representatives from the Oregon Department of Education ("ODE") to ensure that our methodologies comply with TAP requirements and state regulations.

In fact, we formulated our TAP assessment and long-range planning services to specifically match ODE guidelines. This allows us to offer pricing that does not exceed the grant award amounts to Oregon's smaller school districts (based on five or fewer facilities) who may not have the funding readily available to supplement additional costs.

In addition, our nation-wide experience and comprehensive services give us the opportunity to provide Oregon's school districts with advanced resources and the best practices we have learned from across the country. If you need assistance with your TAP grant, contact us today at [info@coopstrategies.com](mailto:info@coopstrategies.com) to speak with one of our Certified Assessors.
